He is currently at the Board of the University of Wisdom, San Francisco, where he also presides over the Department of Energy Medicine and Health Arts. In 1995, Myss, together with the book by C. Caroline Myss La Anatomí del Espáritu has been the reference book for many readers who seek to better understand themselves and others. Her work in this world became the theme of her fourth book, because people do not healthy and how can. She established her own educational institute, in 2003, which offers two programs that execute three courses at a year, on sacred contracts and mysticism. Do you want more? The first is about sacred contracts and the second is about mysticism, intuition and healing. To date, it has sold more than 1.5 million copies. When investigating the underlying reasons why people sabotage their cure processes, Caroline identified a syndrome as a wound, characterized by a person who prefers to rely on the power of the disease for the manipulation of their world instead of reaching a state of independent and enabled health. She is now working on her last book: passing the case. Advanced details, examples, and help! Savesave for vidoc.
